Mexico Country Programme Evaluation (2020-2024)	2025	Mexico CO	Country Programme Evaluation (CPE)	LAC	2020-2024	1/1/20	5/30/24	To continue incorporating gender and human rights perspectives to address gender inequalities. To consolidate the gender and human rights perspective, UNFPA must continuously train its staff. In the Human Identification programme, the intersection with the issue of gender-based violence should be explored, for example with prosecutors specialising in femicide.	To continue incorporating gender and human rights perspectives to address gender inequalities. To consolidate the gender and human rights perspective, UNFPA must continuously train its staff. In the Human Identification programme, the intersection with the issue of gender-based violence should be explored, for example with prosecutors specialising in femicide.	Partially accepted	Mexico CO	High	1.1 The CO will implement training programs on gender and human rights for all staff and implementing partners, which will be implemented by the office's Gender team and will be aimed at strengthening the gender and human rights approach in the development of work plans.	1.1 The CO will implement training programs on gender and human rights for all staff and implementing partners, which will be implemented by the office's Gender team and will be aimed at strengthening the gender and human rights approach in the development of work plans.	12/31/26
Mexico Country Programme Evaluation (2020-2024)	2025	Mexico CO	Country Programme Evaluation (CPE)	LAC	2020-2024	1/1/20	5/30/24	A comprehensive strategy for resource mobilisation which include a mapping of donors and strategic partners who can contribute to the achievement of results with financial and/or technical resources.	A comprehensive strategy for resource mobilisation which include a mapping of donors and strategic partners who can contribute to the achievement of results with financial and/or technical resources.	Accepted	Mexico CO	High	2.1 Development of a comprehensive mapping of potential donors and strategic partners, in collaboration with a specialized team from headquarters, who define the type of partnership and the team responsible for each mobilization opportunity, integrating a CO partnership leader and a CO technical leader.	2.1 Development of a comprehensive mapping of potential donors and strategic partners, in collaboration with a specialized team from headquarters, who define the type of partnership and the team responsible for each mobilization opportunity, integrating a CO partnership leader and a CO technical leader.	12/31/26
Mexico Country Programme Evaluation (2020-2024)	2025	Mexico CO	Country Programme Evaluation (CPE)	LAC	2020-2024	1/1/20	5/30/24	To expand the base of partnerships of all kinds considering academic institutions, private sector, and other UN agencies in existing working groups.	To expand the base of partnerships of all kinds considering academic institutions, private sector, and other UN agencies in existing working groups.	Partially accepted	Mexico CO	High	3.1 The CO will actively participate in inter-institutional spaces within the United Nations System in Mexico to promote collaboration within the System's Inter-Agency Groups, as well as to foster the development of partnerships for the co-financing of joint initiatives with agencies such as UN Women, UNDP, UNICEF, and UNESCO.	3.1 The CO will actively participate in inter-institutional spaces within the United Nations System in Mexico to promote collaboration within the System's Inter-Agency Groups, as well as to foster the development of partnerships for the co-financing of joint initiatives with agencies such as UN Women, UNDP, UNICEF, and UNESCO.	12/31/27
Mexico Country Programme Evaluation (2020-2024)	2025	Mexico CO	Country Programme Evaluation (CPE)	LAC	2020-2024	1/1/20	5/30/24	To improve internal communication and foster a work culture focused on learning, joint planning, regular meetings, and integration workshops should be held to review results and plan strategies.	To improve internal communication and foster a work culture focused on learning, joint planning, regular meetings, and integration workshops should be held to review results and plan strategies.	Accepted	Mexico CO	High	7.1 The CO will draw up a schedule of meetings for programmatic and financial planning and monitoring, and minutes will be taken at these meetings. As a result of these meetings, annual work plans will be drawn up, as well as the respective amendments to the RRP and work plans of the implementing partners.	7.1 The CO will draw up a schedule of meetings for programmatic and financial planning and monitoring, and minutes will be taken at these meetings.
