Germany welcomes the new draft CPD for Timor-Leste. The proposed country program is comprehensive and responds to the most pressing SRHR challenges in the country. Germany especially appreciates the focus on multisectoral youth programmes, including comprehensive sexuality education. Furthermore, Germany supports the emphasis on SGBV prevention and response services.	We extend our sincere gratitude for Germany's positive feedback regarding the new draft CPD for Timor-Leste. We are particularly encouraged by the appreciation for its comprehensive nature and responsiveness to the most pressing challenges related to sexual and reproductive health and rights, gender-based violence and youth development in the country. We reassure our continued engagement with Germany during the CPD approval process and beyond.
