

## OUR PARTNERSHIP

### A global force for health and equality

The European Union (EU) is a key political and financial partner of UNFPA. Together, we help more women and girls live healthier, empowered lives, free from violence and discrimination. Through initiatives like the Global Gateway and Team Europe, EU support enables UNFPA to provide life-saving sexual and reproductive health care and promote equal access to protection and services.

### Reaching women and girls in crisis

UNFPA and the EU work together to ensure women and girls in humanitarian settings receive critical support before, during, and after crises. Across 21 countries, this partnership ensures access to SRH services and GBV prevention and response. In Syria and Ukraine, EU funding supports mobile clinics and GBV survivor services. In Jordan's Zaatari Refugee Camp, EU-backed clinics offer comprehensive health care, outreach, and case management.

### European Union funding makes a difference

EU funding delivers lasting results. In Venezuela, indigenous women and girls gain access to care. In Kenya, EU support is helping end FGM through improved services and local engagement. Across the region, the EU also promotes positive masculinity and challenges harmful gender norms, reflecting our shared commitment to leaving no one behind.

## ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on governments and other partners to support our programmes.

### Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices

# UNFPA and the European Union

### A partnership for women and girls

The European Union's steadfast support to UNFPA means more women and girls worldwide are empowered to realize their full potential while being shielded from violence and harm.

See how the European Union is making a difference.

## RESULTS FOR RESOURCES IN 2024

**1,200**

maternal deaths averted

**529,900**

unintended pregnancies prevented

**422,100**

women and young people reached  
with sexual and reproductive  
health services

**222,400**

unsafe abortions prevented

**203,500**

sexually transmitted infections  
prevented by providing female and  
male condoms

**2,219,800**

years of protection provided from  
unintended pregnancy

**4,700**

HIV infections prevented by providing  
female and male condoms

Key results are illustrative only and reflect a calculation based on  
the donor's contribution proportionally to UNFPA's overall results.

**312,900**

marginalized girls reached  
by life skills programmes

**8,500**

girls saved from female  
genital mutilation
