

## OUR PARTNERSHIP

### Long-term partners for long-lasting impact

Core funding means UNFPA is able to plan ahead and play a global normative role as an advocate for sexual and reproductive health. These flexible resources enable UNFPA to deliver long-lasting results that promote, protect and fulfill human rights. As a leading core donor, Norway empowers UNFPA to achieve transformative results, leaving no one behind.

### Allies for women and girls in crisis

In humanitarian crises, women and girls face immense challenges. Core and other flexible funds mean UNFPA can plan ahead, be prepared and mount a nimble response to emergencies. As one of UNFPA's top humanitarian donors, and as the lead of the Call to Action on Protection from Gender-Based Violence, Norway's flexible support means UNFPA can deliver sexual and reproductive health and gender-based violence response and prevention services to the most vulnerable.

### Championing youth and family planning

Norway has been an indispensable partner in programmes aimed at ending child marriage and harmful practices, such as female genital mutilation, so girls can continue their education and realize their full potential. Through its support to the UNFPA Supplies Partnership, Norway stands out as a strong advocate for expanding access to family planning.
