

OUR PARTNERSHIP

Committed to the core

As one of UNFPA's top core donors, Sweden enables UNFPA to advance the rights and choices of women and girls worldwide. Core funding empowers UNFPA to mount a nimble response to complex crises. As our third-largest humanitarian contributor, Sweden's commitment extends further, ensuring swift emergency responses for the furthest left behind.

Allies in crisis

At the onset of a crisis, women and girls face immense challenges. Core and other flexible funds enable UNFPA to plan ahead, be prepared, and respond swiftly. As one of UNFPA's top humanitarian donors, Sweden's support ensures the delivery of sexual and reproductive health services and gender-based violence prevention and response to the most vulnerable women and girls.

A champion for maternal health and ending female genital mutilation

Sweden continues to be one of UNFPA's key strategic partners and the largest donor in reducing maternal mortality. In 2024, its commitment proved especially valuable for countries in East and Southern Africa facing high maternal mortality rates and systemic barriers. Sweden is also a major donor in efforts to end female genital mutilation.

ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on partners and donors like you to champion our mission and support our programmes!

Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices

UNFPA and Sweden

A partnership for women and girls

Sweden's support to UNFPA means more women and girls worldwide are empowered to realize their full potential while being shielded from violence and harm.
