

OUR PARTNERSHIP

A strategic partnership

Denmark has been leading the way in the global fight for gender equality and protection of women's and girls' rights, with a particular focus on sexual and reproductive health and rights. Through flexible core support to UNFPA, Denmark ensures we are able to promote international norms and standards, plan programmes, develop policy and advocacy, and deliver technical expertise more efficiently.

A partner in times of crises

In the face of sudden onset crises, UNFPA and Denmark collaborate to provide life-saving assistance to the most vulnerable women and girls. Through flexible humanitarian support, Denmark enables the delivery of sexual and reproductive health and gender-based violence protection at health facilities and mobile clinics.

Provider of life-saving supplies

Denmark is a key partner to the UNFPA Supplies Partnership, the world's largest procurer of donated contraceptives, which provides life-saving maternal health medicines for developing countries and helps prevent unintended pregnancies and maternal deaths.

ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on governments and other partners to support our programmes.

Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices

UNFPA and Denmark

A partnership for women and girls

Thanks to Denmark's strong partnership with UNFPA, more women and girls around the world are enjoying healthier, more fulfilled lives, free from violence.

See how Denmark is making a difference.
