

# OUR PARTNERSHIP

## A partnership to empower women and girls

UNFPA's partnership with Italy is based on a shared commitment to promoting gender equality, safeguarding sexual and reproductive health and rights, and empowering women and girls. As a reliable contributor to our joint programmes, Italy has been engaged in efforts to end gender-based violence and combat harmful practices, such as female genital mutilation and child marriage.

## A broad partnership

Italy and UNFPA collaborate in promoting sexual and reproductive health and rights, addressing gender-based violence, including in humanitarian contexts like Afghanistan, providing essential maternal and child health services, enhancing youth health, and advancing the economic and social empowerment of women and girls.

## A strengthened collaboration

The partnership between Italy and UNFPA has grown in recent years, and Italy recently increased its support for UNFPA's non-core resources, including an initial allocation of 3 million Euro to the UNFPA Humanitarian Action Thematic Fund.

# ABOUT UNFPA

UNFPA is the United Nations sexual and reproductive health agency. Our mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled.

All UNFPA funding is voluntary – we rely on governments and other partners to support our programmes.

## Our three transformative results:

end preventable maternal deaths

end the unmet need for family planning

end gender-based violence and all harmful practices
